IN THE VINEYARD

The grapes for this Rosé were harvested from vineyards located in the Bennett Valley and Russian River Valley subdistricts of Sonoma County, where daily temperature shifts result in intense but well-balanced wines.

ABOUT THE VINTAGE

The 2023 growing season resulted in excellent quality fruit. After years of drought, substantial winter rain was followed by dry conditions through March. Spring brought mild and cooler temperatures with bud break beginning in March. White and rosé wines from 2023 have perfect acidity, freshness and have remarkable flavor and texture.

TASTING NOTES

This is a fun, fruity and playful wine that pushes beyond off-dryness into the realm of sweetness on the palate. It features a fragrant bouquet of vivid red fruits and tropical flowers, with lively balancing acidity and evokes summer flavors of strawberry, watermelon, and pomegranate.
