**EARN AS YOU LEARN;
THE WINE WORLD**

Re-imagined

At Boisset Collection, we aim to create the most passionate, inspiring and inclusive wine community in the world through our revolutionary Ambassador program. We break down the traditional barriers to entry into the profession and build direct relationships between wine drinkers and our winemakers in France, Napa Valley and Sonoma.

Now's a great time to B.Y.O.B., or "Be Your Own Boss", by starting your own independent wine business in partnership with one of the most highly-awarded and sustainable family-owned wine companies on earth. Enrolling as an Ambassador will immediately launch your very own online wine store through the mobile-optimized Cellar Suite platform. Managing your business is a breeze with access to sales and wine training resources and detailed reporting through your online dashboard.
