PERSONAL VOLUME (PV) is your total sales volume of qualifying orders placed in a month by your customers or by you. PV determines how high a commission percentage you earn each month, and it is used to determine title qualifications and bonus levels. PV is always calculated after discounts and before taxes and shipping.

COMMISSIONABLE VOLUME (CV) is the value on which all of your commissions are paid each month. CV is a percentage of your PV that varies based on the type of products sold (see table below).

INTRO TO COMMISSIONS: UNDERSTANDING PV vs. CV

BOISSET IS INVESTED IN YOUR SUCCESS AND THAT'S WHY WE...

- Offer deep discounts on Tasting Experience Flights, so you can book tastings more easily.
- Underwrite a significant portion of shipping costs - programs like these are costly but have been proven to be effective.
- Provide so much training and marketing support to our Ambassadors.

We want you to benefit from our promotional programs, so we give you the most possible credit for all sales regardless of their cost to Boisset. That's why we measure and reward performance monthly based on your total sales volume, known as "Personal Volume" (PV), which determines the percentage of your sales bonus and your "Paid As" Career Title.

However, the hidden costs of such promotional programs and the narrower margins on some products mean we cannot pay out commissions equally across all goods we sell. The chart at right shows what percentage of your Personal Volume (PV) is "commissionable" for each category of products. This is how we determine your "Commissionable Volume" (CV), which is the value on which all of your commissions and bonuses are paid.

A GREAT WAY TO REMEMBER IT IS: "P for Percentage, C for Compensation".

Your PV determines how high a commission percentage you earn each month, but your CV is the number to which that percentage is applied each month to calculate how much compensation you earn.

BOISSET AMBASSADOR | PROMOTIONS & TEAM INCENTIVES

TITLES, LEADERSHIP & TEAM SALES: THE KEY TO GROWING YOUR BUSINESS

In addition to your sales, building a team can get you promoted to new titles! Once you promote to a new title, you keep that “Career Title” until your next promotion for recognition purposes (requalifying once per year required for Senior Director and above). However, your “Paid-As Title” can change each month depending on your qualifications (see below) and may be the same or lower than your Career Title. It’s called your “Paid As” title because it determines the rates at which you are paid each month.

Promotions are based on sales and sponsoring new Ambassadors. You can earn additional commissions and cash bonuses on the sales volume of your team members. This is why Boisset provides the training, tools and incentives you need to become a strong leader and help the other Ambassadors on your team learn from your success. As your team members advance their businesses and develop teams of their own, you will also earn rewards based on their success.
