Wine is the ultimate gift. Each bottle is beautifully crafted inside and out with the intention that it is to be treasured and experienced with those who mean the most to us. With the astounding ability to bring people together, wine reminds us to savor each of life's precious moments - from extraordinary celebrations to simple meals in the company of friends and family.

Growing up in Burgundy, France, wine has lovingly tethered together every experience of my life. From the vineyards of Vougeot that served as my playground, to the tanks housed below my bedroom, and ultimately to our dining room table, new and old friends would gather to celebrate our shared love of this magical elixir. Here I witnessed the most amazing energy and truly saw how wine can weave our stories together.

With every bottle we open comes the opportunity to make lasting memories, share remarkable experiences and learn the true magnetism of wine. And so, I am delighted to share these thoughtfully selected gifts designed to enchant, to delight and to etch enduring impressions on those with whom they are shared -- with passion.
