FORMIDABLE. ENDURING. ENCHANTING.

---

**GRAPE VARIETY:** Cabernet Sauvignon

**REGION:** Napa Valley (Spring Mountain)

**TASTING NOTES:** With an enticing deep purple hue, this 2020 Cabernet Sauvignon envelopes the senses with opulent fruit aromas of luscious raspberry and black cherry, complemented by enticing nuances of coffee and invigorating eucalyptus. Impeccably balanced, it reveals intricate flavors of ripe blackberry, fresh plum, and indulgent black tea. The finale is a testament to both grace and boldness, as refined tannins harmonize with a luxuriously enduring finish, leaving a lasting impression of sheer strength and wonder.

**WHAT DRAGON SIGNIFIES:** The dragon is no ordinary creature and holds a level of mystique and originality – traits largely shared with our proprietor, Jean-Charles, and the Cabernet Sauvignon vines themselves. Shrouded in mystery, much like the dragon, the origins of this varietal were not discovered until the late 1990s, a magical crossing of Cabernet Franc and Sauvignon Blanc.

Among all legendary creatures, the dragon is **FORMIDABLE** and possesses a certain magical essence. Found dwelling in the volcanic terrains of Spring Mountain, this 2020 Cabernet Sauvignon is thick-skinned with an **ENDURING** presence that delivers an unyielding intensity. Its high flavor concentration only strengthens its claim, soaring over the palate as an utterly **ENCHANTING** and age-worthy wine. Known only to few, though appreciated by all, the dragon will command your attention. *JCB*
