Limited Edition Meteor: Each of these truly unique bottles of JCB Surrealist is adorned with authentic Campo del Cielo meteorites found in Argentina. These 4.5-billion-year-old meteorites were once part of the core of a long-vanquished planet during the development of our solar system and are validated by the NASA Solar System Exploration Research Virtual Institute

Only 250 bottles have been produced and each one is 100% unique with meteorites delicately placed on the bottles by hand.

Tasting Notes: A deep purple-black color with a dynamic bouquet of stewed plums, melted chocolate, licorice, crème de cassis and a touch of wild sage. This is an elegant and refreshing wine with a delicately grained texture. The palate is densely packed with tightly wound layers and the finish has fantastic length and depth.

The Surrealist by JCB is a wine that has never been done before as a blend from the Napa Valley – seductive, lush and opulent, rich yet silky with an eternal finish... A union of powerful Petit Verdot from high elevation hillsides in eastern Napa Valley and Cabernet Sauvignon from St. Helena. The wine is a surrealistic expression of our dreams for the ultimate Napa red wine.
